

## MUFPP Afrique and youth

### Une nouvelle vague d'idées: Jeunes citoyens du monde face la durabilité des systèmes alimentaires urbains

Ouagadougou, in Burkina Faso, is hosting the 4<sup>th</sup> Milan Urban Food Policy Pact (MUFPP) [Regional African forum](#) on February 15<sup>th</sup>-18<sup>th</sup>, 2021, organized by MUFPP Secretariat, the City of Ouagadougou, the City of Milan and ACRA, co-funded by AICS and EU.

The [MUFPP](#), launched in Milan in 2015, has been signed globally by 211 cities.

#### Objectives:

- Facilitate exchange and mutual learning between European and African young activists and professionals on sustainable urban food systems;
- Encourage the participation of youth in urban food policies development and implementation;
- Strengthen among young activists and professionals the self-awareness of their role as change-makers.

#### Participants

Young students, professionals, activists committed to sustainable food systems, fight against climate change, food security and right to food, already active in civil society organizations and/or in ACRA and Mani Tese projects, target age **18-35 year old**.

Participants' selection takes into consideration motivation, participants background, gender and age balance.

The participation to the event is free of charge.

Participants should make sure to have good internet connection.

**Language:** French

#### Youth exchange workshop methodology:

Participants will get to know each other and their organizations/associations/movements through interactive online dynamics. Initiatives and practices related to sustainable food systems will be shared, so to identify common challenges and solutions. Direct interaction and group work will be encouraged.
